

## TRANSPORT WEBINAR SERIES

14 DECEMBER 2020 • ARTICLE

## WE ARE CURRENTLY IN THE MIDST OF AN UNPRECEDENTED TIME FOR THE TRANSPORTATION SECTOR.

Global travel restrictions, economic uncertainty and climate change pressures are at the forefront of decision making and future planning. While the problems seem numerous, there are a lot of opportunities to be optimistic about.

In our eight-part Transport Webinar Series, WFW were joined by guest speakers from the leading global banks, financial advisors and private equity firms, to discuss a wide range of topics pertinent to the transport industry. From aviation restructuring, to shipping sanctions and private investment in rail, we discussed the current commercial and legal insights, issues and updates that are relevant to the transport sector.

With eight episodes, 38 speakers and over 1,200 live attendees, the series has proven to be incredibly popular.
