SECTORS: Energy

SERVICES: Construction, Corporate and M&A, Regulatory and Competition

BIO

CHRISTOPH IS COUNSEL IN THE ENERGY GROUP.

Christoph advises on all legal aspects of the planning, implementation and dispute resolution for construction, plant engineering and infrastructure projects, in particular in the fields of power generation and distribution.

As former General Counsel in Germany for a world market leader in power generation plants and Legal Director for an international law firm, he draws on a wealth of knowledge and longstanding experience. This includes structuring, contracting and negotiating complex construction, plant engineering and infrastructure projects, including the handling of tendering and procurement processes (both on the supply and demand side) and, where necessary, the conception and implementation of efficient and business-sensitive litigation, ADR and arbitration strategies.

EDUCATION

2003 Qualified – England and Wales

1998 Admission to the German Bar

1993 Heidelberg University – First State Exam
