

GERMAN PUBLIC SECTOR NEWSLETTER: JUNE 2021

23 JUNE 2021 • ARTICLE

Environment and sustainability are key topics of our time. Whether the current decision of the Federal Constitutional Court on the Climate Protection Act (Ref.: 1 BvR 2656/18 et al.) or various legislative activities, e.g. with the Clean Vehicles Procurement Act (SaubFahrzeugBeschG) and the Act on Corporate Due Diligence in Supply Chains (Supply Chain Act) – case law and legislation are currently defining the regulatory framework in various areas. In public procurement, too, the requirements for the implementation of environmental and sustainability criteria are increasing and must be observed.

This issue, among others, is discussed in more detail in the third edition of our newsletter from WFW's Regulatory team in Germany.
