## BIO

### CESARE IS AN ASSOCIATE IN THE PUBLIC LAW, REGULATORY & COMPETITION GROUP.

Cesare has experience in public and regulatory law, carrying out judicial and extrajudicial activities.

Over the years he has mainly advised on energy matters (both in favour of producers of electricity from renewable sources and oil & gas players), environmental and transport issues, including aviation and maritime, and public tenders (focusing in particular on the so-called special sectors).

Prior to joining Watson Farley & Williams, he worked for one of the leading Italian law firms in the field of administrative law.

In addition to Italian, Cesare speaks English.

## EXPERIENCE

Advised Atlante before the Regional Administrative Court of Marche, Italy, in proceedings brought by an Italian e-charging operator against a concession awarded to Atlante for the installation and management of 18 e-charging stations to be located in the territory of the Municipality of Ancona.

Advised Grupotec before the Regional Administrative Court of Campania, Salerno section, in proceedings brought by the Italian Ministry of Culture and the competent Landscape Superintendence, challenging the authorisation of the construction of a 20 MW photovoltaic plant in the Province of Avellino.

# WATSON FARLEY & WILLIAMS

Advised S.E.A.M. before the Regional Administrative Court of Tuscany in an appeal to recognise the illegality of the Ministry of Infrastructures and Transport, the Ministry of Economy and Finance and the Ministry of Defence's failure to respond to SEAM's application for a concession for the total management of Grosseto airport.

---

Advised Beyfin Group on the bidding process to obtain funds as part of the 'Experimentation on the use of hydrogen in road transport' auction outlined in Italy's Recovery and Resilience Plan (PNRR).
