## BIO

### JOBY TYLER IS DIRECTOR OF IT.

Joby focuses on managing the technology and information security operations of the firm, as well as driving the firm's global technology strategy.

He has overall responsibility for the management and operation of the global IT team and the firm's technology project portfolio.

Joby's technology career has encompassed a number of sectors and roles, including 10 years in senior IT management within Insurance and Legal, before joining WFW in 2019.
