 [mlaskowsky@wfw.com](mailto:mlaskowsky@wfw.com)

**SECTORS:** Infrastructure, Power, Transport, Rail

**SERVICES:** Regulatory, Public International Law, Regulatory and Competition

## BIO

### MARKUS IS A MANAGING ASSOCIATE IN THE REGULATORY, PUBLIC LAW & COMPETITION GROUP.

Markus specialises in administrative, public procurement and state aid law. His practice focuses on providing comprehensive advice on infrastructure and digitisation projects with an industry focus on education & research, health, mobility, utilities & waste management and telecommunications.

Markus assists in the structuring and implementation of national and EU-wide procurement procedures (construction, supply and services) as well as competitive procedures (concessions, investor selection procedures and public-private partnerships), including the drafting of service-specific contracts and negotiations. He also advises bidders on their participation in public procurement procedures. He represents both contracting authorities and bidders in review proceedings and other disputes.

In addition to his legal expertise, Markus has a wide range of strategic, organisational and political experience in the public sector, allowing him to structure and manage projects efficiently and bring them to a successful conclusion.

He also gives seminars in the area of public procurement law.

His clients include federal and state ministries, local authorities as well as municipalities and public institutions such as infrastructure companies, municipal and public utilities as well as private companies, banks and investors.

## EXPERIENCE

Advising in the EU-wide procurement of a digital networking platform including a maintenance and support contract for a period of 10 years for a public client in the local public transport sector.

---

Advising in the procurement of transport services in local rail passenger transport for a period of 15 years plus extension options and a volume of approx. 10 million train kilometres for a regional passenger transport authority in North Rhine-Westphalia.

---

Advising in a procurement procedure for the procurement of rail vehicles according to the life cycle model, including securing financing for a regional rail transport authority in North Rhine-Westphalia.

---

Advising in the procurement of buses for a municipal transport company in compliance with the requirements of the Clean Vehicles Directive (SaubFahrzeugBeschG) including maintenance services for a period of 5 years.

---

Advising in a procurement procedure for the planning, construction, financing and operation of a school building by way of a public-private partnership.

---
