BIO

JUAN VICENTE IS A SENIOR ASSOCIATE IN THE FINANCE GROUP.

He specialises in structured finance transactions, including debt issuance transactions, with particular emphasis on energy and infrastructure projects.

Additionally, he advises financial entities and private developers and companies on financing schemes, including trade finance and international export credit agencies transactions.

Juan Vicente is regularly involved in greenfield projects from the EPC and O&M drafting perspective which gives him a deeper knowledge of the underlying technology in the framework of a financing.

EXPERIENCE

Advising the financial entities on the financing of the 50MW Curtis-Teixeiro biomass plant, in Galicia, promoted by Greenalia, one of the first biomass project following the auction-based remuneration regime and the biggest in Spain of its kind.

Advising Adif-Alta Velocidad, the state-owned company responsible for the maintenance and expansion of Spain's high speed rail network on its first capital markets transaction, two issuance of €600m "Green bonds" each.

Advising Banco Santander on a facility supported by CESCE to finance the renewal of the Refinería la Pampilla facilities, indirectly owned by Repsol Peru.

WATSON FARLEY & WILLIAMS

Advising the banking syndicate led by Banco Santander on the equity structure optimisation of the thermosolar plants Helienergy I and II with a total installed capacity of 100MW, in Sevilla, Spain.

Advising Banco Sabadell on the financing of the Valcaire wind farm located in Granada, owned by Saeta Yield.
