Biography:

Antoine is an Associate in the Public and Regulatory Law group.

He specialises in environmental and energy-related matters as well as planning law and issues relating to public contracts, PPPs and state aids.

He regularly advises on regulatory and contractual issues relating to renewable energy sources such as hydro, solar and wind power and biomass. He also advises on industrial facilities and infrastructures including heating networks and transport infrastructure.

Antoine previously worked in the Paris Administrative Court. He holds Masters degrees in Environmental Law as well as in Health and Pharmaceutical Law.
