### **Biography:**

**Ariane is Counsel in the Corporate team in Paris.**

She advises clients active in innovative technologies, biotechnologies, nanoparticles, foodtech, healthcare, luxury, software and industrial sectors, within the scope of their transactions and litigations.

Ariane has strong experience in employment law and notably in human resources management, such as individual and collective working relations, implementation of staff representative bodies, staff and company representative recruitment, international mobility, personal redundancies, economic lay-offs (individual and collective), drafting collective agreements, code of conduct and code of ethics. Ariane also has knowledge on the social aspects of restructurings, such as the information and consultation process, relations with local authorities and the transfer of employees. She advises on the employment law aspects of M&A transactions too. Ariane is particularly valued by clients advised either on transactions or litigations.

Ariane also has experience in multiple areas of contract law, from intellectual property to software licences, from supply to services, as well as in restructuring issues and bankruptcy proceedings/voluntary liquidation and corporate law.
