Biography:

Christine is a Partner in the Regulatory, Public Law and Competition Group.

Christine specialises in German and EU competition law and in energy law. She also advises on public procurement, state aid and sanctions related matters.

Christine advises a diverse domestic and international client base on a broad range of competition law matters including merger control, joint ventures, co-operation and distribution schemes, investigations by competition authorities and compliance programmes.

In the energy and infrastructure sectors, she has extensive expertise in the regulatory aspects of renewable and conventional energy projects, with a focus on permit, grid connection and remuneration of onshore and offshore wind projects. Clients include investors, banks, project developers and utilities.
