Biography:

Florian is a Partner in the Projects and Structured Finance Group.

Qualified in England & Wales, Florian's practice focusses primarily on global energy, natural resources and infrastructure development, project & export financing and M&A. He acts for governments, developers, sponsors, ECAs/multilaterals and banks on international projects, associated financings and corporate matters.

Florian has extensive experience in emerging market financings, including many landmark projects, with experience spanning South Eastern Europe, the Middle East, South America and Africa.

Florian regularly lectures and participates in seminars around the world, including in Nigeria and Ghana and, most recently, in Kyiv on renewable energy financing in Ukraine.
