Biography:

George is a Partner in the Maritime Group.

George advises on all aspects of ship financing, with a focus on structured/asset finance, leasing transactions, restructurings/work-outs and large-scale loan portfolio transfers, as well as on the commercial matters relating to the sale, purchase, employment and operation of all maritime asset classes (newbuilding and second-hand).

His clients span the shipping and offshore industries, including financial institutions (primarily banks, private equity investors and hedge funds) and shipping companies (owners, managers and charterers).

George has worked in the firm's Athens office and has previously been seconded to the Royal Bank of Scotland where he assisted on structured finance transactions.

He is recommended as an expert asset finance and restructuring lawyer by legal directory IFLR 1000.
