Biography:

Jose María is a Partner in the Finance Group.

He specialises in project finance transactions, with a strong emphasis on energy and infrastructure and transport sectors.

Jose María constantly advises both lenders and borrowers on a large variety of strategic transactions. His client portfolio includes sponsors, banks, investment funds and institutional investors.

His track-record covers greenfield assets' financings and brownfield projects' refinancing and restructuring.

Additionally, Jose María has a solid background and interest in public procurement and administrative law (public concession agreements, public tendering) and energy efficiency matters.

Prestigious legal directory Chambers and Partners comments Jose María's "great capacity for work and his focus on the deal and on understanding the needs of all the parties involved in the transaction".
