Biography:

Laurent is a Partner specialising in Regulatory and Public law.

With a strong focus on the energy and infrastructure sectors, Laurent has over a decade's experience advising both public and private entities on the awarding and implementation of public contracts, public-private partnerships and the structuring of complex contracts.

He has broad expertise in the energy sector, in particular in renewable energy, where he advises developers, industrial groups, investment funds and banks on acquisition, sale, financing and re-financing transactions.

Laurent also advises on innovative projects such as electric mobility and on new electricity sale strategies such as corporate PPAs, energy efficiency and guarantees of capacity and origin.

He is recognised for his wide expertise in the energy sector by French and leading directories.
