Biography:

María is an Associate in the Madrid Banking & Finance Group who specialises in project and corporate finance transactions.

She advises both lenders and borrowers on a variety of strategic energy and infrastructure transactions. Her client portfolio includes sponsors, banks, investment funds and institutional investors.

Her track-record covers greenfield assets' financings and brownfield projects' refinancing as well as restructuring.

María has experience in domestic and international financial transactions covering corporate finance, syndicated financings and debt restructurings.
