Biography:

Paula is an Associate in the Regulatory & Public Law Group.

She specialises in regulated sectors, administrative, urban planning and environmental fields, such as waste, water, impact assessment or environmental liability, among others, with a special focus on renewable energy.

Paula has experience providing advice in M&A and financings transactions of all kinds of projects. She also has experience in public procurements and contentious-administrative processes, mainly focussed on renewable energy, environmental fields and urban planning.

Before joining the Watson Farley & Williams team, Paula worked at Spanish law firm Garrigues.
