LinkedIn profile: <http://es.linkedin.com/pub/rodrigo-berasategui/7/86/477>

Biography:

Rodrigo Berasategui is a Partner in the Finance Group.

Rodrigo has extensive experience advising on financing energy and infrastructure projects.

With more than 18 years practice expertise, he has a broad knowledge advising on transactions involving renewable energy including wind, electric, solar (both thermosolar and photovoltaic) and biomass, as well as all types of infrastructure (including highways, ports and hospitals).

Rodrigo advises a large number of public and private developers, sponsors, financial institutions, multilateral institutions, insurers and specialised funds on the full range of financing schemes: project finance, corporate and acquisition finance, export and trade finance as well as capital markets transactions.

He is routinely involved in both Spanish and cross-border transactions, particularly, in the Latin American region, participating in numerous project finance, DCM and export and trade finance transactions.

International legal directories Chambers Europe, Chambers Global and IFLR1000 recommend Rodrigo as a leading lawyer for project finance and energy and natural resources expertise, citing him as a “knowledgeable lawyer and very accessible” who makes “negotiations fast and efficient”.
