Biography:

Román is a Senior Associate in the Corporate M&A Group.

With extensive experience in corporate transactions and a strong focus on the energy and infrastructure sector, he advises international and domestic clients in relation to all types of corporate transactions including acquisitions, private equity transactions and corporate restructuring.

Román is involved in the drafting and negotiation of all kinds of corporate and commercial contracts.

He is deeply specialised in the energy sector, mainly working on renewable projects, advising both Spanish and international players, having carried out several corporate real estate transactions.
