Biography:

Stefan is a Partner in the Banking & Finance Group.

Stefan specialises in project, acquisition and corporate finance. He regularly advises banks, sponsors and developers on the project financing of offshore and onshore wind farms, solar parks and other energy and infrastructure projects in Germany as well as in other European and non-European jurisdictions.

He also assists banks, private equity funds and corporations on the financing of M&A transactions and other corporate lending transactions.

Stefan is recognised as an expert energy and project finance lawyer in Germany by legal directories Chambers Europe and IFLR 1000. In 2018, the former quoted a client as describing Stefan as “the first choice for project financing”.
